Event:

Annual Management of Sickle Cell Disease Conference 2019

Date: Friday, November 15, 2019 9AM-4PM

Location: ACCESS Center for Discovery & Learning 5139 S. Ashland Avenue Chicago, IL 60609

Attendees: 150+

Program Description/Objective:

The Sickle Cell Disease Association of Illinois (SCDAI's) Annual Management of Sickle Cell Disease Conference is designed for nurses, health care professionals, providers, educators, social workers, students, individuals with sickle cell disease and their families and the community at large. The purpose of this educational activity is to strengthen participant's knowledge base about sickle cell disease and sickle cell trait through lecture, discussion and sharing of current and future treatment regimen.

Upon completion of this activity, participants should be able to:

- Identify current evidence based practices to improve the care & quality of life for individuals with Sickle Cell Disease & Sickle Cell Trait
- Discuss complications related to Sickle Cell Disease
- Explain resources available to individuals with Sickle Cell

As an Exhibitor:

We invite representatives from relevant companies and community organizations to exhibit health education, benefits, programs and community services. The event is structured to allow all participants time for discussions with each exhibitor.

Health Fair Exhibitor will receive the following:

- ✓ Table space to display company/organizational material
- ✓ Table & One or Two chairs (Non-Profit/ Level 1-half table with one chair)
